

Sock Puppets

A fun way to create short videos

USING SOCK PUPPETS

STEP ONE

Launch the Sock Puppets App, and select NEW to create a new scene.

STEP TWO

Choose your characters. You can add more than one, but remember that screen space is limited.

STEP THREE

Choose a background for your scene.

STEP FOUR

Pick your props! Some props are moveable during recording, others are static.

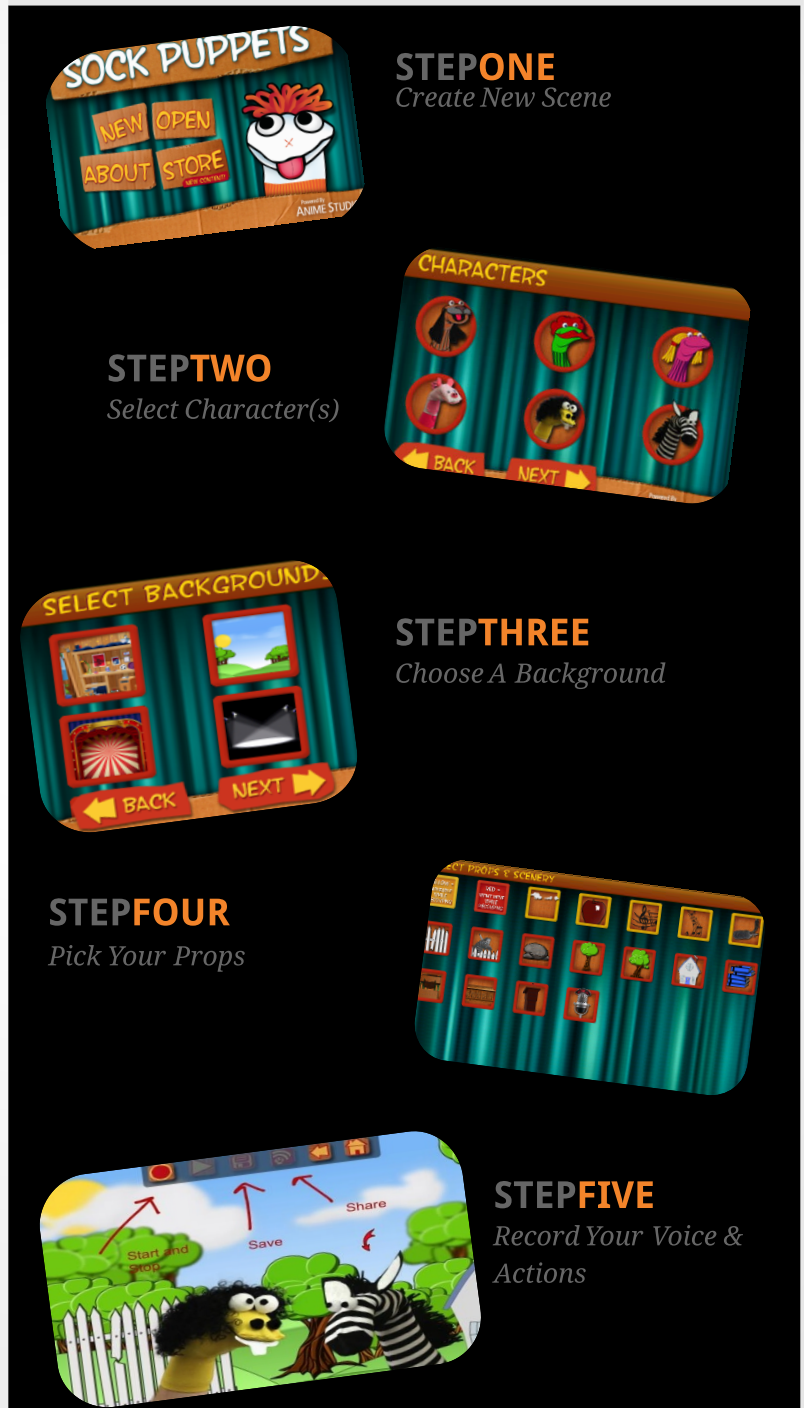

STEP FIVE

Record your voice and actions. You can tap on puppets to select them as you talk. The red arrow shows which puppets are active. You can also move puppets and some props around while recording.

CLASS IDEAS

Students can create retellings of stories. They can explain concepts. Have them create a video to show understanding. Create a video message for your class.

SOCK PUPPET TIPS

CREATED BY MEREDITH MARTIN @GEEKYTEACH

Sock Puppets is limited to 30 seconds of recording time, so be sure to keep it short!
