

Tellagami

Create Speaking Avatar Videos

USING TELLAGAMI

STEP ONE

Launch the Tellagami app and create a new 'Gami. Tap on the green CHARACTER button and customize your avatar.

STEP TWO

When your character is complete, tap the EMOTION button to select an emotion for your avatar.

STEP THREE

Tap the BACKGROUND button to change your background. You can create your own, or use the built in options.

STEP FOUR

Add voice! Close the customizations menu by tapping on whatever menu button is active. Select RECORD to record your own voice, or TYPE to have your text read by the app.

STEP FIVE

Tap the SHARE button to save and/or share your 'Gami. You can save to the camera roll as a video, or share online.

'GAMI IDEAS

Have students create 'Gamis to retell a story. Create a 'Gami of a book character or famous figure. Create 'Gamis that list your homework and embed them in your class website. Create a 'Gami to review a lesson or give tips and hints for projects.

AIRSERVER TIPS

STEP ONE

Customize Character

STEP TWO

Add Emotion

STEP THREE

Add A Background

STEP FOUR

Add Voice - Record Your Own Or Use Text To Voice

STEP FIVE

Save To Camera Roll Or Share Online

CREATED BY MEREDITH MARTIN @GEEKYTEACH

Want to create a longer 'Gami? Create multiple 'Gami videos and save to camera roll. Then use iMovie or other video editor to combine them into a longer video!
