

TIMELINE

Create digital timelines

USING TIMELINE

STEP ONE

Launch Timeline and either select a user or create a new one.

STEP TWO

Create and name a new timeline.

STEP THREE

Tap anywhere on your timeline to create an event and add details.

STEP FOUR

Add a photo or image from your camera roll to your event.

STEP FIVE

Tap and drag events to move them on the page.

STEP SIX

Save or share your final project. Projects save to camera roll.

STEP ONE

Create or select a user

STEP TWO

Create a new timeline

STEP THREE

Tap anywhere on the timeline to add an event

STEP FOUR

Add photos and images from your camera roll

STEP FIVE

Drag events to adjust them on the timeline

STEP SIX

Save And Share

CREATED BY MEREDITH MARTIN @GEEKYTTEACH

Timeline is a great way to make timelines based on dates, times, or events. Once saved, they can be easily embedded in documents, reports, and webpages.
