

# MOVE & MATCH

Create Your Own Matching Games

USING MOVE & MATCH

## STEP ONE

Launch Move & Match. Make a new activity or use a finished one.

## STEP TWO

Choose a background for your page. You can also import photos.

## STEP THREE

Name your project!

## STEP FOUR

Double tap anywhere on the page to add a card. You can change the color of your card by tapping the paint roller.

## STEP FIVE

You can add images to your card with the camera icon, and duplicate it with the green plus icon.

## STEP SIX

Use the text icon to add writing to your cards.

# MOVE & MATCH

Create Your Own Matching Games

USING MOVE & MATCH

## STEPSEVEN

Share projects easily.

## STEPEIGHT

Students can use pre-made projects. They are not able to edit them.

## STEPTWELVE

Visit the website - [moveandmatch.com](http://moveandmatch.com) - for project ideas.

## STEPTEN

Download projects to use at [bit.ly/freeprojects](http://bit.ly/freeprojects).

## STEPSEVEN

Download free backgrounds from <http://moveandmatch.com/free-stuff>

## STEPTWELVE

Paid activity packs can be purchased on the website.

CREATED BY MEREDITH MARTIN @GEEKYTEACH

This is a great app for creating your own matching games, sentence construction games, and more. Kids can create their own games as a review activity.
