

# SKETCH NATION STUDIO ✨

Use Your Own Drawings To  
Create Video Games

USING SKETCH NATION STUDIO

## STEP ONE

Sketch Nation lets you design and play your own games on the iPad. Launch the app and select a game type.

## STEP TWO

Choose what style of game you want to create.

## STEP THREE

Create the elements of your game and adjust settings.

## STEP FOUR

Create your own players and adjust their controls.

## STEP FIVE

You can draw your own character, take a picture, or import from your camera roll.

## STEP SIX

Use the easy drawing tools to design your own character.

CREATED BY MEREDITH MARTIN @GEEKYTEACH

Sketch Nation Studio is a super app that allows students to design their own iPad games. Create side scrollers, top down games, and more.

Use Your Own Drawings To  
Create Video Games

USING SKETCH NATION STUDIO

## STEPSEVEN

Adjust your character until you are happy with it.

## STEP EIGHT

You can also import your own drawings by taking a photo of them.

## STEP NINE

Draw the objects for your character to navigate in the game.

## STEP TEN

Design your own background or import a picture.

## STEP ELEVEN

Get ready! Tilt your device to control your character.

## STEP TWELVE

Play your finished game!

## STEPSEVEN

Adjust Character

## STEP EIGHT

Import Image

## STEP NINE

Draw or Import Object

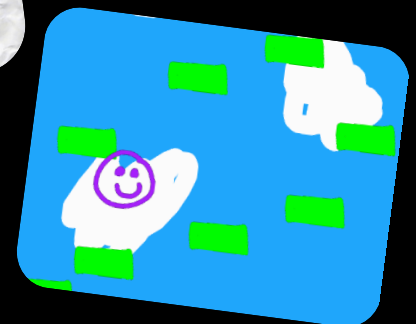

## STEP TEN

Draw or Import Background

## STEP TWELVE

Play Game!

Create a Sketch Nation account to share games online, and you also have the option to upload your game for a chance to be included in the App Store.
