

SMALL EXPERIMENTS

Simple Science Experiments

USING SMALL EXPERIMENTS

STEP ONE

Launch the app and choose Experiments or the Quiz.

STEP TWO

On the Experiments list, select an experiment to try.

STEP THREE

The app provides step-by-step directions for each experiment.

STEP FOUR

Scroll down to see more directions as well as information about the experiment.

STEP FIVE

Take the quiz to answer general science questions.

CREATED BY MEREDITH MARTIN @GEEKYTEACH

While all of the experiments are fairly short and simple, they should always be performed with teacher or parental supervision.
