Create Digital Trading Cards For  
People, Places, Things, & More

USING TRADING CARDS

## STEP ONE

Trading Cards is a great app that lets you create trading cards for real and fictional people, places, objects, and more! Log in and choose a card type.

## STEP TWO

Your card will have different content depending on the type. Each area has tips on how to fill it in. You can also add an image.

## STEP THREE

There are several different design options for cards. Swipe up from the bottom on the right side to view them.

## STEP FOUR

Don't forget to flip your card over and complete the back as well!

## STEP FIVE

Tap Keep It to save to the iPad. You can always reopen to edit. Drag and drop cards onto each other to create collection folders.

## STEP SIX

Tapping Share allows you to save cards to the photo gallery, and also to email them.
