

Door 24 Math App

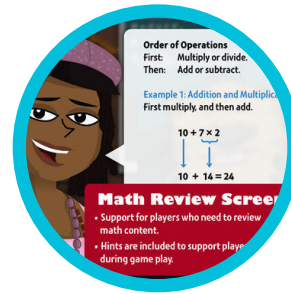

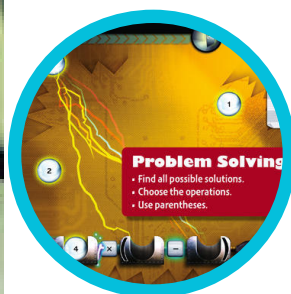

Common Core Aligned Math Practice

Door 24 Math is a story based math app for grades 4-8 that focuses on basic facts, number sense, and algebraic thinking.

- An engaging narrative and a compelling reward system keep students motivated.
- Multiple sets of problems are presented at increasing levels of difficulty.
- Challenge sets require students to find all possible solutions to expand their problem solving skills.
- Includes scaffolded hints and Math Review screens to help students when they struggle.
- Aligns with Common Core State Standards

Engaging Narrative

- Poses mystery.
- Sets a purpose.
- Motivates players.

Classroom Connection

Door 24 Math is a wonderful enrichment app for math. It is great for supplementing a lesson on factors, and challenges students to think of alternate ways to solve problems. This is a great app for those students who finish early.
