

Spelling Millionaire 2

Test your spelling knowledge

Spelling Millionaire 2 is a fun spelling game based on the popular game show format. The premise is simple: you are given a word and have to decide if it is spelled correctly or not. You can tap a word to flip it over and see the definition if you need a little help. As you progress through the game, the words get more difficult, but you can earn more money for getting them right. The money you earn can be used to purchase add-ons, such as Ask The Audience or Phone A Friend. You can also unlock different achievements as you progress through the game.

Classroom Connection

This app make a great review game. You can also set up classroom leaderboards to allow students to compete for high scores. It is a great motivator to learn both spelling and vocabulary. Spelling Millionaire 2 also makes a great warm up activity prior to standardized tests. It's a fun way to get their brains warmed up and ready to think.
